SAFETY 

A NEW DAY FOR SAFETY

You are capable of anything. Time for your gear to match. Ditch the ugly, uncomfortable eyewear and enter the world of BrandX Safety (BrandX). Protect your eyes from the hazards of life while looking and feeling great. Designed to be worn **on** and **off** the job, you won't find a more complete pair of glasses. Do not accept anything less, upgrade to BrandX Safety!

BrandX offers Z87.1-2020 eye protection that goes above and beyond our lens technology and virgin resins that creates the most comfortable, visually appealing and lightweight frames possible. In addition, 100% of our lenses include anti-fog and anti-scratch coatings.

LENS TECH YOU'LL LOVE

This is not smoke and mirrors. This is authentic, embedded technology that makes our glasses second to none. In fact, spend some time with our glasses and you'll fall in love with their features. All BrandX Safety lenses come with anti-scratch and anti-fog technology but that's just the beginning.

X5 COLLECTION

Classic style frame with a closer fit, well suited for smaller or narrower face shapes. Designed to be worn on and off the job, all BrandX Safety glasses are OSHA approved, meet the most stringent ANSI standards, and have anti-fog and anti-scratch coatings. High-performance lens technology reduces squinting, eye fatigue and other side effects from working in the field or on the floor. A new day for safety!
